

FREEMAN MARINE custom fabricated Premium Duty hatches offer a wide range of options to meet virtually any specification. Rugged construction featuring thick panel skins (.160" up to .250"), internal reinforcements and smooth welded skins to assure the reliable service and refined appearance expected in FREEMAN fabricated individually dogged hatches. Premium Duty hatches are specified where frequent open position viewing and guest usage occurs. Hatches may be ordered with flush or proud - raised coamings. Camber and sheer requirements to match deck profiles are routinely crafted. Hatches can be specified with either surface or concealed hinges. Panels and coamings can be specified with custom alignment for teak overlaying by installation yard or builder.
